## TEST YOUR KNOWLEDGE WITH OUR MONTHLY BRAIN TEASERS

1. The first end in a singles game is tied. Player A claims that they are
 going to play the first end again and that they should toss for who shall play first. Player B disagrees and calls you as umpire. Who is correct?
2. Team A holds three shots in a triples match. Both skips have to play their last bowls. A sudden torrential downpour forces all players to leave the green for about five minutes. When play is resumed, skip A goes to the mat to play his/her last bowl to which skip B objects and wants the end replayed. What is the position?
